

**Test Plan Name: Functional Testing**

S.No	Component Name	Description	Created Date	Updated Date
1	Introduction	Test plan for testing basic functionalities of the Book Store Application.	June 30, 2023 10:49:13	June 30, 2023 10:49:46
2	Objectives & Scope	The objective is to demonstrate that the application is running without any errors and that users can register, log in, search, sort and save books, delete books from collection, log out and delete their account without any issues.	June 30, 2023 10:49:13	June 30, 2023 10:50:10
3	Features need to be tested	- registration - login page - search tool - sort results in table - save book to collection - visualise, sort, search collection - delete book from collection - log out - delete account	June 30, 2023 10:49:13	June 30, 2023 10:50:33
4	Features not to be tested with reason	- adding, modifying, deleteing books (API) - adding, modifyig, deleting users (API) - performance testing - stress testing - compatibility testing - responsive testing	June 30, 2023 10:49:13	June 30, 2023 10:50:43
5	Approach Methodology	manual testing, 100% functional requirements coverage	June 30, 2023 10:49:13	June 30, 2023 10:51:10
6	Testing Activities	Documenting Requirements Creating Test Data Documenting Test Cases Executing Test Run Report results & bugs	June 30, 2023 10:49:13	June 30, 2023 10:51:23
7	Test Deliverables	Test run report	June 30, 2023 10:49:13	June 30, 2023 10:51:39
8	Test Schedule & Resources	Resources: 1 tester, 3 working days	June 30, 2023 10:49:13	July 05, 2023 09:40:58
9	Pass & Fail criteria	100% test cases executed	June 30, 2023 10:49:13	June 30, 2023 10:52:02
10	Environment	<a href="https://demoqa.com/login">https://demoqa.com/login</a>	June 30, 2023 10:49:13	June 30, 2023 10:52:32
11	Testing Tasks (Version and Devices)	Version 1 Desktop, iOS/Windows, Chrome	June 30, 2023 10:49:13	June 30, 2023 10:53:06
12	Risk & Contiguous	Connection issues (internet not working) Application not working	June 30, 2023 10:49:13	June 30, 2023 10:53:11
